

# THE SPIRIT OF COMMUNITY

Dear Members of the ESCP Alumni Community,

I am delighted to announce a major transformation: starting September 2025, **every new student admitted to ESCP Business School will automatically become a lifetime member of ESCP Alumni** upon enrollment. This historic initiative creates an immediate bond between our network and future graduates, giving them access to all our services from their very first day at the School.

This permanent membership represents a strategic lever to strengthening our ambitions. With these new resources, we will accelerate two key priorities. Firstly, the **internationalization** of our network, which already offers job opportunities, coaching, and professional development services worldwide, with over 100 webinars and a network of a hundred experts across 190 countries. We will also recruit Regional Alumni Managers to energize local communities and enhance our international event planning. Secondly, we will intensify the **digitalization** of our services with the deployment of an AI-powered networking solution, a comprehensive overhaul of our digital platforms, and the creation of WhatsApp groups for more responsive community engagement.

These initiatives align with our **F.A.S.T. (Foundation Association School Triangle) project** —a strategic alliance between the Foundation, the Association, and the School. This «Triangle» will drive initiatives such as dedicated Circles (for

CEOs, Entrepreneurs, and Family Businesses) and organize Class Reunions for classes ending in 0 and 5, combining conviviality with masterclasses on contemporary challenges.

**Our network relies on your engagement.** ESCP Alumni, supported by 12 staff members and more than 760 delegates worldwide, organizes over 300 events annually for alumni and students. From Alumnights to Bootcamps, mentorship programs (with 290 pairings in 2023–2024), and networking training sessions, we are multiplying opportunities for growth and connection. Your financial support and active participation are essential to enhance our services for the 85,000 alumni of 135 nationalities who make up our community.

**Join us now** by contributing, and let's build a stronger, more connected, and ever more supportive ESCP Alumni community together!

Best regards,

**Bertrand Dumazy (94)**  
Chairman of ESCP Business School Alumni
